

Fantom™

Multi-functional Barrier

Fantom™

Multi-functional Barrier

6 standard sizes

Customizable ID and OD

Easy Installation/ Activation

ISO/API validated

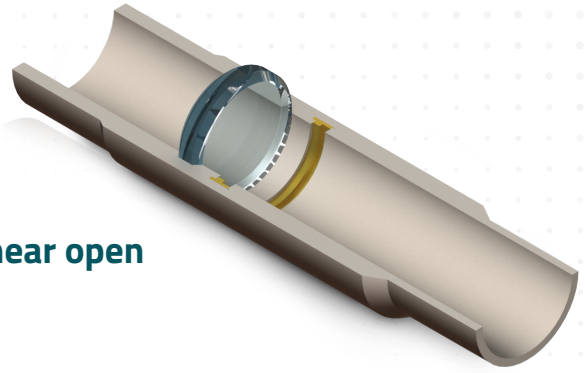

Max 20000 psi

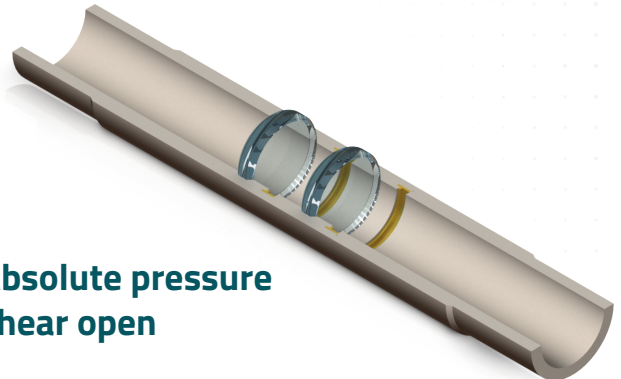

Max 400° F

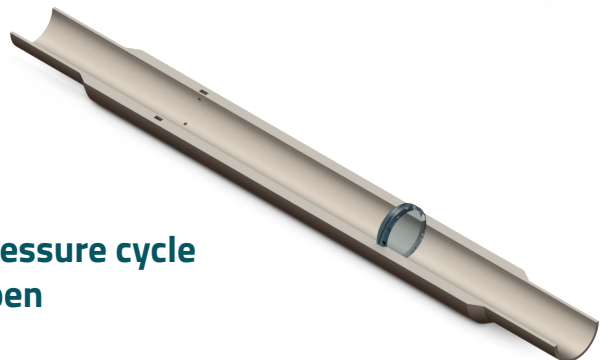

Shear open

**Absolute pressure
shear open**

**Pressure cycle
open**

The Fantom™ Barrier provides the perfect pressure isolation solution during various well construction & commissioning operations requiring isolation of the reservoir including running completion strings, packer setting, performing pressure integrity tests and tree installation.

With the well ready for production, the Fantom™ Barrier is easily opened with or without intervention, resulting in genuine full-bore ID and a reduction in rig time. This dramatically improves efficiency while increasing safety and profitability.
